Title: Oracle/PeopleSoft EPM

## SCOPE OF ADDENDUM – RFO0091 Questions and Answers:

**Question1:** Can this be done remotely/off-site? If not, will the client pay all or some expenses?

**Answer1:** This is primarily an on-site contract. The vendor must be on site a significant amount of the time. Limited off-site work may be allowed at the discretion of the State. In the cost proposal the vendor should indicate the hourly rate for the individual. No expenses will be paid outside of the hourly rate. It is permissible to indicate two hourly rates in the cost proposal; one hourly rate for on-site work and a second hourly rate for off-site work.

**Question2:** This role reads 2 ways to us. On the surface we want to send you a PSFT FSCM consultant, but we also see EPM. Although there will be some crossover, would you prefer someone stronger in PSFT FSCM or PSFT EPM?

**Answer2:** To be successful in this role the candidate must be strong in their knowledge and experience with the source PeopleSoft application(s), multi-dimensional databases and EPM.

This addendum shall become part of the RFO and should be returned with, or acknowledged in, the response to the RFO.
